

Topic Groups

Group 1: Agriculture 1.1.

- Agricultural machinery and equipment Tractors; Machinery and equipment for: soil preparation / tillage and sowing; soil fertilization; plant protection; harvesting; Others (specify).....
- Technologies, machinery and equipment for irrigation and drainage; Storage and conditioning technologies; Special crops techniques; Trial fields techniques; Municipal applications; Pumps, extraction techniques; Transport machines and techniques; Lifting and loading techniques; Household and small farm equipment; Components: pneumatics; accessories, spare parts; GPS equipment; fuels, lubricants; Others (specify):.....
- 1.2. Plant Breeding Seeds and seeding material; Production technologies; Genetics and biotechnology; Genetic diversity, gene bank; Others (specify):.....
- 1.3. Plant Nutrition Mineral fertilizers; Organic fertilizers; Macronutrients / micronutrients; Additives for soil and plants; Others (specify).....
- 1.4. Plant Protection Products for plant protection; Plant treatment techniques; Additives and surface agents; Alternative phyto-sanitary applications and recipes; Prevention of damage caused by insects and/or wild animals; Others (specify).....
- 1.5. Agriculture and environment. Renewable energies Ecological agriculture; Soil and water protection; Raw material and technologies for renewable energies; Biogas technology; Bio-fuels; Forestry technologies; Others (specify):

Group 2: Animal Husbandry

- Breeding programs, trade, reproduction technology; Breeding animals; Genetic engineering; Feed, compound fodder and other farm inputs; Feedstuff production, feed storage; Technologies for animal breeding and nutrition; Technologies for animal care and welfare; Animal housing and shed construction; Controlled environment and environment technology; Stalling equipment; Milking and cooling technology; Technologies and equipment for slaughter houses; Equipment and technologies for dairy and meat farms; Technology for dung, solid manure and slurry; Animal health and veterinary products; Products and equipment for animal hygiene and biosecurity; Biofuels – production and use; Measuring, instrumentation and control; Transport vehicles, transport services; Processing and marketing; Equipment and accessories; Management and consulting services; Training, education, associations, media; Others (specify):.....

Group 3: Food Industry and Packaging

Machinery, equipment, technologies fr: milling and baking industry; meat processing industry; milk processing industry; Equipment for refrigeration and freezing; Laboratory equipment and weighing systems for food industry; Food products (including traditional products); Canned food; Flavors, essences, colorants and food additives; Equipment for package industry; Packaging machines; Bottling and packaging materials; Packages; Logistic / storage; Others (specify):

Group 4: Horticulture

Technologies for breeding, protection and nutrition - trees, shrubs, vines, vegetables. Technologies for harvesting and transport. Seeds and seeding material; Production technologies; Genetics and biotechnology; Genetic diversity, gene bank; Plant nutrition products; Plant protection products; Products for pest control; Tractors; Transport systems and equipment; Containers for transport / storage, pallets; Machinery and equipment for: soil preparation / tillage; planting; soil fertilization; plant protection; harvesting; green houses, solariums; Others (specify):.....
 Fresh products: Fruits; Vegetables; Potatoes; Flowers, plants; Organic products; "Fair Trade" Products; Spices and herbs; Convenience products; Equipment and technologies for: Production monitoring; Vegetables and fruits processing industry; Dehydration and Preservation; Sorting and Filtration; Storage, refrigeration and freezing; Sorting and Packing; Weighing systems, labelling, barcoding; Cleaning and Hygiene; Waste disposal and recycling; Production of alcoholic beverages and soft drinks; Analysis and testing; Distillery; Landscape architecture – specify.....

Group 5: Management and Consulting

Farm management and accounting; Electronic data processing and agriculture software; Soil, plants and weather data; Trade and marketing; Inventory management system; Safety equipment; Quality control systems and certification; Food safety control; Documenting, certification; Cadaster. Projection; Financial services; Insurance; Market studies; Marketing and PR; Consulting; Publishing houses; Specialized mass-media; Fairs and Conferences; Others (specify)

Group 6: Electronics and Mechanics

Measuring, weighing and analysis techniques; Cleaning, dosing techniques; Infrared and sensor techniques; Smart farming technologies; Others (specify):

Group 7: Agriculture services providing

Specify:.....

Group 8: Public institutions and NGOs

Federations, producer associations, etc.; Authorities; Research institutes; Vocational schools; Universities; Dual education system; Training; Others (specify):.....

Group 9: Others (specific for agriculture sector)

Specify:
